

MMSC Race Program Information

We are working on revamping our race program a bit for the 2018/2019 ski season. The basic format is outlined below. Right now we are looking to gauge interest. Please fill in your contact information below.

- Training will continue to be on Saturdays from 2:00 - 3:30 pm (January and February).
- The focus will continue to be on strong technical skiing but the revamped program will include more flexibility in race and training format.
- Mount Martin would host a race and we would work to arrange a race at Mt Molson.
- 'Fun' courses will be set on the Sunday's with no other scheduled events (e.g., dual slalom)
- An optional race at a bigger hill (either Pakenham or Mt. Antoine) will be part of the program.
- Fee structure for the revamped program is not finalized.
- Lift passes and any additional race registration fees for away races will be in addition to the program registration fee.
- A 'Lessons Waiver' will need to be signed to be registered in the program.
- Poles and hard sided helmets are mandatory.
- Contact: Katie Hogue for additional information (kathryn.hogue@gmail.com)

Please provide contact information below if you are interested in our program. Katie will communicate details and final registration forms with pricing as the program develops.
